Stylish, Versatile & Affordable

SignPro Systems® (SPS) provides affordable, modular wayfinding signage to the trade. From wall frames to self-standing pylon directories and everything in between, SignPro works with your sign professional to deliver the directional indoor signage you need. The expansive product line includes wall signs, projecting signs, directories, suspended signs, triangular signs, info centers, towers, pylons, desk signs, poster frames and much more. Signs Plus is your guide to a range of well-designed, user-friendly, versatile and highly cost-competitive sign solutions.

SignPro Systems (SPS) recognizes a need for more efficient service and faster delivery at a better price, and you should expect no less from us. SPS is committed to providing affordable solutions and work hand-in-hand with your sign professional to make your project a success, in the fastest possible time.

SPS frames can accommodate a multitude of sign substrates and fabrication methods, from printed paper inserts mounted with our protective lens, to laminated prints, cut vinyl, photopolymer, ADA faces, engraved plastics, metal and more. Your sign professional will help you find the products and materials that are right for your project.

The curved, aluminum body is available in anodized silver or powder-coated black finish with your choice of black or gray impact-modified plastic end caps. Comes standard with a clear, non-glare lens, unless otherwise specified. Mounting holes and tape optional. Custom lengths available.

Wayfinding Signage Case Study

Tri-State Memorial Hospital

“This project was a great success. There is a sign type for every room and wayfinding location, and it was easy to customize and incorporate the signage into the entire design concept of the facility.”

photos courtesy of Fastsigns Lewiston

Signage Challenge

Tri-State Memorial Hospital was in need of a variable and consistent wayfinding and room identification system throughout the facility. The sign solution needed to offer a variety of functions, while remaining easy-to-read to assist doctors, patients and visitors in navigating the facility to different wings and specialty clinics.

Wayfinding Signage Case Study

North Gibson School Corporation
New Princeton Community High School

“The outcome is effective and aesthetically pleasing to everyone who visits. The signage blends well. It directly guides visitors, students and staff to their intended destinations.”

photos courtesy of Signs Now #74

Signage Challenge

North Gibson School Corporation was in need of interior wayfinding signage for their high school to guide students, staff, and visitors to the right rooms and destinations.

PROJECTING SIGNS

PJL Series | Top-to-Bottom Curve

left & right end caps

The double-sided, curved projecting frames come in landscape or portrait positions with a high quality, curved aluminum body, available in anodized silver or powder-coated black finish and your choice of black or gray impact-modified plastic end caps. Comes standard with clear non-glare lens, unless otherwise specified. Comes fully assembled. Custom lengths available.

Tri-Tower Deluxe

TRI-TOWER-DLX

This 26.75" w x 72" h free-standing modern-looking triangular display tower features durable aluminum extrusion construction coupled with rigid graphic infill panels. The convenient sliding cam locks make graphic changes quick and easy. It features a heavy duty laminated foot plate. Backlit option with translucent PVC graphics available to make your messaging pop! Requires simple assembly.

the triangular shape gives dimension to three graphic sides

the heavy duty laminate plate strongly anchors the tower

backlit option with translucent PVC graphics

frame fits three 24" w x 68.875" h graphics

Tower

The tower is a collapsible double-sided free-standing display featuring 24" or 33" w x 72" h "bubble" panels for maximum visibility. Simply add the optional lighting kit and turn your tower into a free-standing light box! Recommended printing material sizes are: .040" - .125". Comes with black thermoformed laminate top & bottom plates and your choice of silver or black aluminum edge extrusions. The two-part uprights disassemble, allowing the unit to collapse into the popular wheeled OCX case for easy transport. Requires simple assembly.

The front loading graphic mechanism makes graphic changes easy. Each frame comes with a clear protective lens. Options include wheels or feet. Custom sizes available.

Wayfinding Signage Case Study

Laurel Toyota

“The results were fantastic! The professional staff of graphic designers and installers did a perfect job in all aspects of the project.”

photos courtesy of Minahan Signs

Signage Challenge

Laurel Toyota was in need of directional and wayfinding signage to help clients feel welcome and comfortable navigating through the facility. Toyota was looking for an affordable solution, provided by a local contact they could constantly be in touch with.

Wayfinding Sign Solutions: Ideal for Churches, Hospitals and Schools

Wayfinding sign solutions are ideal to help visitors and staff of churches, hospitals, schools and more find their way and easily navigate the facility.

PYL-DBL Series
double-sided pylons

These sleek and attractive free-standing pylons are sure to get the message across. When used with dividing strips, they will turn into free-standing large format directories.

Made with a black thermoformed laminate bottom plate with robust steel support plates and a black plastic molded top plate. Finished with your choice of silver or black curved high quality aluminum extrusions. Comes with clear non-glare protective lenses that can be removed for a quick graphic change. Requires assembly.

PYL-TR Series
three-sided pylons

Made with a black thermoformed laminate bottom plate with robust steel support plates and finished with your choice of silver or black curved high quality aluminum extrusions. Comes with clear non-glare lenses that can be removed for quick graphic change. The PYL-TR-1 and PYL-TR-2 come with a black powder-coated steel top plate, while the PYL-TR-3 comes with a thermoformed top plate. Requires assembly.

Sign Stands

versatile graphic displays

Easily display a graphic or message with a versatile and easy-to-assemble sign stand. These sleek stands are perfect to display your message. Options vary per stand – such as adjustable posts, portrait and landscape sign configurations and more.

See page 31 for optional literature rack accessories

Observe Deluxe

OBS-DLX

- Stylish double-sided curved design
- Holds two 24" w x 36" h bubble graphics
- Recommended printing material: .040"-.125" opaque styrene
- Elegant brushed silver
- Sturdy steel base with removable and adjustable brochure pockets
- 74-1/2" h

Observe Grand

OBG-B

- Sleek info center includes sturdy base & adjustable shelf
- Accepts 22" w x 28" h graphic size
- Single or double-sided
- Holds a 3/16" thick mounted graphic
- 37" h without graphic

Observe Pro

OBS-LP-SYS

- Lightweight snap together info center
- 12" diameter base
- Stylish curved header
- Adjustable brochure holder
- Accepts 8.5" w x 11" h graphic and literature
- 42" h without graphic

Telescope

TELESCOPE

- Tripod banner stand supports rigid graphics up to 72" tall
- Can support one or two graphics
- Gripping clamps ideal to hold corrugated plastic and foam board
- Black steel finish

Spartan

SPARTAN

- Sleek, designer sign holder includes protective acrylic folded pocket to hold 8.5"w x 11"h literature or contour-cut rigid graphic
- Silver aluminum alloy post and circular black powder-coated base
- Add second post to hold a larger rigid graphic
- 52-1/4"h

Sign Stands

versatile graphic displays

Easily display a graphic or message with a versatile and easy-to-assemble sign stand. We offer stands that feature adjustable posts, portrait and landscape sign configurations and more.

Snapper Stand SNP-STAND

- Attractive, stylish snap-open 11" x 17" frame
- Portrait or landscape presentation options provided
- Mounted on silver aluminum stand
- Requires light assembly
- 40"h

Advocate ADVOCATE

- Fashionable, chrome finish, aluminum post and frame
- Holds 8.5" x 11" graphic
- Can be rotated 360 degrees or any desired angle
- Telescopic post offers variable height from 30.5" - 48"

Demonstrator DEMONSTRATOR

- Stylish acrylic sign holder holds literature in top and bottom pockets
- Top frame can be used in landscape configuration only
- Acrylic sign holders, brushed silver post and base
- 45"h
